

NBTS 2022

Transforming the way we meet.

NBTS 2022 | Why attend?

Nordic Business Travel Summit is an annual event gathering buyers and suppliers of Business Travel as well as Meetings & Events related services across the region. The 2022 Summit will offer an unparalleled opportunity for networking with the Nordics when Danish, Finnish, Norwegian and Swedish Business Travel Associations bring our members and partners physically together for the first time since 2019.

By including M&E content, #NBTS2022 is showing understanding of the profound change in the way businesses/organizations are going to operate and communicate in post-covid times. **In-person meetings generate need for Business Travel, whether individual or in group. Digital meetings reduce that same need.** The two categories co-exist and cannot be properly analyzed nor managed without each other.

We'd love to meet YOU in Stockholm on **23 – 24 March 2022!**
